

PINK BOX
PURPOSE 

ABOUT US

Since 2017, Pink Box Purpose has distributed thousands of reusable menstrual pads to women and girls in Honduras. We have also provided menstrual hygiene education and shared the Gospel with thousands.

People all over the country have been hosting Pad Cutting Parties to empower women and girls in developing countries when they have their period!!

Join in the fun!

The thing we love most about Pad Cutting Parties, is that it allows God to bridge two cultures together. While you and your friends are cutting the fabric for reusable pads, women in Honduras are sewing the pads to earn income for their families and make a difference in their country!
